

Billionaire God of War Novel Chapter 21 To 25

Chapter 21 Ask for forgiveness!

The wine is full.

Andrew drank the wine and naturally prevented him from driving.

Daniel arranged for someone to send them back.

Logan drank a lot, holding cynthia along the way, and said a lot in her ear.

“Wife, I love you, and I will definitely come back to take you and your daughters a good life!”

“Wife, thank you for taking care of me for so many years. How can I have such a good wife.”

“Wife, we Not to be separated for a lifetime, okay?”

Logan, like a child, hugged cynthia and refused to let go, so that cynthia couldn't help but blush and couldn't stop it.

“The child is on the side!”

cynthia couldn't help it.

Emma pretended not to see it, but his face was full of smiles.

She didn't know how long she hadn't seen this scene.

Late at night, Emma was lying on his side, and Andrew was sMaxwellping on the floor under the bed.

“Andrew?”

“Well.”

“Thank you.”

“You’re welcome.” The

conversation was short, and fell silent.

“In the future, don’t spend money on my family anymore, is it okay?”

“No.”

Andrew didn’t make any concessions in front of Emma, “This is my family, with my wife, with my parents, I don’t spend it for you, For whom to spend?”

“But... why?”

Emma really bit his lip.

Whether this guy is really stupid or fake stupid, according to his condition, what kind of woman does not have, why must he be the son-in-law of his home.

“I live in your house with a cheeky face, and still eat the food your mother made. I can’t eat it in vain.”

Andrew said, “Okay, go to bed, good night.”

Emma still wanted to ask, but Andrew ignored her. .

She can only helpless, this guy, why?

Overnight.

Waking up early in the morning, Andrew found that breakfast was richer than yesterday.

He was polite, sitting on the table and eating after washing.

“How about my dad?” “I

drank a little yesterday and was still asMaxwellp.” cynthia whispered in the kitchen.

“Dad’s drinking volume, you have to practice, otherwise how to socialize in the future.”

He said casually, but Cynthia was slightly surprised.

Entertainment?

What other entertainment does Logan need?

Andrew did not continue.

“Okay, I know, I rushed over immediately!”

Emma really packed up in the room and hurried out. “There was another accident over the plant, I must go there!”

Andrew was still holding the dough stick in his hand and immediately got up: “I’ll send you!”

“Mom, we are out!” The two quickly ran out of the door.

“Emma, you haven’t eaten breakfast yet!”

Cynthia shouted anxiously, but they were gone.

Looking at the table, after Andrew rolled over the clouds, Sumie shook his head but laughed again.

“No one is robbing him, this child.”

Cynthia packed up the tableware and was about to enter the kitchen. The doorbell rang.

She opened the door and saw a few people standing outside carrying gifts and wearing suits with extraordinary temperament.

The headed hair is a little gray. When I saw Cynthia, I quickly bowed slightly and politely said: “Is that your lady Ms. Cynthia?”

Sumie nodded: “Who are you?”

“Hello, I’m Fingol Rihanna, the head of the bank, and this is Tina, the branch’s head. “Rihanna’s face is full of apologies. “We all know that Ms. Cynthia was at the branch yesterday. Today, she came to the office to apologize to Ms. Su. “

cynthia was stunned.”

The head of the South Estopia Bank and the branch president personally came to apologize to themselves?

“We, can we go in?” Rihanna asked politely.

“Please, please come in.” cynthia let the door open.

at the cynthiae time.

In the community property office, Jaxon blushed with extreme anger.

He didn't sMaxwellp all night, and as soon as the community property went to work early in the morning, he came.

“Check! Check me! Adjust the monitoring! I want to see which bastard hit my car!”

The Porsche I just bought!

There is no way to repair now!

He must find this bastard and let him lose his family!

“I'm sorry, it was too dark last night. I'm afraid the surveillance could not be taken.” The property manager was also very disgusted with people like Jaxon and didn't want to check them.

Obviously, you stopped by yourself, and now you have run into trouble, it is deserved!

“Don't fool us, I'm from this neighborhood. What can't you take? How did Dasheng's wife and others kiss her last time?”

Annabel's voice suddenly grew louder, “If you don't check, then we will Call the police!”

The manager had no choice but to let people investigate and monitor.

When he saw the BMW that hadn't even got a license plate, Annabel shouted immediately.

“It’s them! It’s them!”

“Sister, do you know?”

Jaxon said angrily.

“My neighbor, this car belongs to her family, and she deliberately tricked us into saying that she bought it from her home-in-law!”

Annabel snorted and sneered. “Who doesn’t know, her home-in-law is a tramp, buy A fart car!”

“Okay, dare to hit my car and see how I killed them!”

Jaxon’s face sank, and he turned and pulled Annabel’s property right away, heading towards the Cynthia’s house.

He thought to himself, not only to beat Andrew hard, but also to let them lose money!

Now that I have the money to buy BMW, it should be no problem to pay him a new Porsche?

At that time.

Cynthia poured water on several guests, and Rihanna stood up quickly, taking both hands.

“Ms. Su, you’re welcome.”

He beckoned, and several men immediately brought the gift over.

“I’m so happy, I hope Ms. Su can accept it.” Su

Mei waved her hand. “It’s not very good.”

“No, no, we made a mistake and asked Ms. Su for forgiveness.”

Rihanna said immediately, “We apologize for this misunderstanding, and we can accept whatever compensation Ms. Su needs for this.”

The branch president standing on the side didn't even dare to say anything.

This time things are really too big.

No one expected that even the president who was about to retire was almost fired!

Even if the Global Banking Union released the words, things were not handled properly. Tokai Bank will be kicked out of the Banking Union. This is a devastating blow!

"The manager in question has been dismissed, and we will inform the entire financial industry that we will never hire." The

head of the bank said, "There is also the teller. We will sue her for defamation. As for the security guard..."

"Mr. Xue,"

Su When Mei heard it, she shook her head immediately. "No need, it's too harsh. I believe that the two children are not bad in nature."

She was indeed wronged, but in the end it was a misunderstanding. She didn't want to because of herself. , And directly cut off the lives of others.

This year, every family had a hard-to-read Scripture, made mistakes and punished a little, just corrected it, can not force people to die.

Upon hearing this, Rihanna admired his face even more.

He nodded: "Ms. Su is generous, I really admire, then I listen to Ms. Xue."

After he finished, he turned to look at the branch president, who immediately took out a gold card.

"This is the VIP card of Fingol Bank, the amount is 5 million, which is the compensation we made to Ms. Su, you must accept it!" Not waiting for Su

Mei to refuse, all the people bowed and asked: "Please do To accept, give us a chance to make a difference!"

Chapter 22 does not have long eyes!

cynthia didn't know what to do, five million!

With so much money, she dared to take it indiscriminately, and she did not need to do anything. Even for compensation, she didn't need so much.

She did not know that she could not get her forgiveness, and the loss of Fingol Bank was even more than 20 billion dollar!

"Too much, I really can't collect it, just two hundred dollars in medical expenses."

Some didn't nod, Rihanna and others kept bowing and didn't dare to raise their heads.

"Then I'll accept it first."

cynthia was helpless. She didn't know how to refuse, but she waited for Emma to come back and let her find a way to deal with it.

Seeing Sumiken received, Rihanna and his team were relieved. They thought they thought the Sumerian Lion had a big mouth. Now it seems that they are really ashamed.

"cynthia! You came out for me! I hit my brother's car, now hiding at home? You come out and pay for me!"

"Damn, just this family? Even Lao Tzu's car dared to hit, get out and lose money for me ! Or Lao Tzu is going to smash people!"

Suddenly, a loud voice came from outside the door, clamoring to rush in.

Jaxon rolled up his sMaxwellves and was ready to start!

It is absolutely endless not to let them lose one million today!

In the room, cynthia frowned.

Yesterday Andrew did hit a car, it was still a luxury car, and the price was not low.

But other people deliberately blocked the road.

"I'm sorry, I'll go out and see first."

cynthia went out, and Annabel was scolding with his arms crossed.

“Why don’t you just buy a BMW? What a great thing, even my younger brother’s Porsche dare to crash?”

“Do you know how much that Porsche is? It’s enough to buy several broken cars in your house!”

Annabel is so rare that he is so confident that his voice is like a mountain, which attracts many neighbors at once.

She just wants everyone to see, what BMW car, in front of Porsche, is nothing.

“You are Sumie? It was you who hit my car yesterday!”

Jaxon sneered when he saw cynthiaue coming out. “A broken BMW, dare to be arrogant, now see how you are going to pay, and be prepared to go bankrupt!”

“I tell you, my car is more than one million! Now it is scrapped!”

cynthia looked pale.

More than a million cars?

Where can they afford it?

But it is too late to say anything, after all, Andrew really hit someone’s car.

“Jaxon?”

She was about to speak, and Rihanna, who came out behind her, could not help frowning. “Why are you here.”

“Xue and Xue Xuan!”

Jaxon suddenly froze, and the whole person froze.

Why is the president here?

And came out of the cynthia family!

He seemed to be struck by lightning, and he was nailed to the ground in an instant, so he didn't dare to move!

In front of the president, he, a little director, does not even have the qualification to lift shoes!

"Do you know?"

cynthia wondered.

"This is the customer service director of our head office, who has just been promoted."

Rihanna did not conceal.

He suddenly saw that Jaxon had a holiday with cynthia, and immediately snorted.

They finally let cynthia accept his apology. What does this Ronglai trouble mean?

Not long-eyed, do you want to kill the entire Tokai Bank!

"Jaxon, what's going on?"

Rihanna looked majestic.

"President, yes, it's them. Yesterday I crashed my car. I..."

"Nonsense, it's clear that you intentionally parked your car to stop everyone from traveling, others dare not touch your car, people are not afraid of you. . " "

that is, what people have turned out to be director of the Tokai Bank, ah, no wonder so arrogant! " "

money is willful ah, the bank's money, not our deposit into the future does not exist Tokai Bank up! "

around Some neighbors are all reasonable people. Seeing Jaxon talk nonsense, they couldn't help it.

Hearing this, Rihanna's face was even more ugly.

This has affected the reputation of the South Estopia.

He turned around, facing a slight bend Koh:. “Ms So, I’m sorry, again disturb your life, I hope you do not get angry, this thing, I have to deal with,”

Then, Xue line sank his face, scared Jaxon’s legs are a bit soft.

He has never seen the President so polite to anyone!

What does this woman have to do with the president?

He turned to look at his sister Annabel. Annabel was also terrified. She didn’t even know that the cynthias had such a background. Even the president of Fingol Bank must bow to her?

“I’ll pay for your car!”

Rihanna wrote a check on the spot and threw it to Jaxon.

Where did Jaxon dare to pick up!

“In addition, I announced that you were fired.”

Rihanna was not polite. “My employees of Fingol Bank, their own quality is the first requirement. Even if people are unclear, don’t think about entering Fingol Bank!”

“President, President! Don’t fire me! I’m wrong! I know I’m wrong!”

Jaxon suddenly looked ashamed.

If he was fired, the car loan would not be able to afford it!

He cannot lose such a good job!

“Now I know it is wrong? It’s late!”

“Secretary Xu, notify the personnel office, immediately issue a notice, industry-wide notice, in addition, whoever recommended Jaxon, let him come to my office for a review tomorrow morning!”

Rihanna said severely .

Jaxon as a whole, like a deflated ball, the whole person is soft.

And Annabel stood there, his face pale, why did he think it would be this result.

She didn't even have time to show off in front of her neighbors, her younger brother was promoted, and bought a luxury car. All of this was gone in a flash?

"cynthia! Be merciful!

Her men are merciful!" She hurried to cynthia and squeezed a smile. "Everyone is a neighbor, please be merciful."

"It's all my brother's fault. You apologize, I'm sorry! I'm sorry!"

cynthia looked at Annabel. Even if she was kind, she couldn't bear the appearance of the former and the latter.

They say bad things about their family in the back, do you really don't know?

He said that Logan was crippled, that he was an old woman who would not make money, and now he said that their family was useless, and he could only find a son-in-law.

cynthia took a deep breath: "Sorry, this is what you deserve!"

Hearing this sentence, Annabel's face suddenly turned pale.

Where did she dare to say anything again, and immediately left Jaxon away, and never left, I am afraid they would only be humiliated even worse!

"Ms. Su, I apologize to you again, which affects your mood."

Rihanna apologized.

"It's okay, thank you for your help, the money for compensation..."

"Don't mention the money, don't mention it, save me a little face." Rihanna joked, "We should go, and don't disturb Ms. Su to rest. "

After that, Rihanna and his party left.

The neighbors all have envy on their faces, even envy!

No one expected that the Cynthia family turned out to be so powerful!

Even the president of Fingol Bank must be polite to her!

Somewhat embarrassed, Cynthia greeted several neighbors, nodded, and turned back to the house, all of which made her unable to recover for a while.

At that time.

Suburban factory site office.

Emma's face was blue, his anger was so extreme, his body shivered.

"They want to do monopoly, it's too much!"

Chapter 23 Warning Only Once

Even, this is not just a monopoly, they are completely extorted on purpose!

www.onlinefreenovels.com

"Miss Emma, our materials are going to come in, and there is only one way. They set up roadblocks. They don't allow outside materials to come in. If they want to buy, they can only buy them."

Caleb, the person in charge, was helpless. The unit price of the material is five times higher than the outside price!"

They simply cannot buy it, which is completely over the budget, and the group company will not approve it.

The construction of the plant is imminent, and the project has officially started. If the plant cannot be built in time, the loss will be too great.

No one can afford this responsibility.

"Who are they?"

Emma asked.

“I don’t know, it seems to have appeared suddenly.” Caleb had no choice.

He went to tell the truth, even came close to being hit, “I call the police, be a police, they ran away, wait for the police to go, they went on to set up roadblocks, there is no way.”

The police can not one day to Run back and forth late.

Emma was really angry.

These people clearly made trouble on purpose.

A few days ago, I drove out a batch, and now there is another batch. It seems that many people are staring at this project.

Emma really didn’t know who it was, and he wanted to ruin the project.

In the office, she discussed the countermeasures with several persons in charge, and Andrew, who was standing at the door, turned on the car and left.

There is only one township road from the urban area to the factory building. The road is not wide, but it is a necessary place.

All construction materials needed for the plant must pass through here before it can be transported into the plant.

At this moment, on the halfway, a sign was placed from afar: roadblock ahead, slow down.

Can drive to the front, they don’t care about other cars, as long as it is a vehicle that transports construction materials, it will be driven away directly, and the driver will turn around and get out.

“Brother, I can’t build this Matthew’sfactory building for a few years.”

“Hey, nothing can be shipped in reinforced concrete and wood. What do they use to build?”

“It’s not impossible, just buy our materials. Ah, just turn it five or six times, they have the Matthew’smoney!”

Several people set up a tent and sat on the side of the road, preventing Matthew's materials from being transported in a car.

"The fourth

elder heard that he was still in a coma?" "That useless thing, let him do something, but ended up being useless, the boss heard that he was very unhappy!"

"But who is that kid? Even our people Dare to fight, don't want to live!"

Several people chatted and suddenly saw a car in the distance galloping.

Can be seen vaguely, it is a white BMW car, just the front, how can it be so embarrassed, it is not like a crash.

"Stop him and ask who it is." The

leading man muffled his voice.

Several people immediately went out and reached out to let Andrew slow down.

But-

boom!

The sound of the car engine roared, not only did not slow down, but accelerated!

Several people's faces suddenly turned white.

"Stop! Stop!"

They stood in front of the barricade, and hadn't seen anyone so crazy, how dare they hit it directly.

The person who can come is not someone else but Andrew!

"Boom!" The

BMW car crashed into it, and several people were scared away!

The shelf used as a barricade was totally torn apart!

“Damn it! Crazy man!”

“Is it mad !”

“This is murder!”

Several people fell to the ground, and their hearts were almost jumping out.

If they react slower, I am afraid they will be killed directly.

Not far away, the car stopped, and Andrew slowly walked over. How many people did not dare to stop when they didn't hit one?

I will write your name upside down without killing me!

“Get over here!”

“Fu*k, I nearly killed the old man , I want your life!”

“Fu*k, come here and kneel down to lose money!”

Several people shouted and walked directly towards Andrew.

One of them stretched out his hand and wanted to grab Andrew's clothes. With a snap, he didn't even see when Andrew shot, he felt his chest startled and snapped—the

bones were broken!

“Ah!” The

screams rang loudly!

But in the blink of an eye, the three people fell directly to the ground, all their hands and feet were broken!

The person still in the tent heard the sound and rushed out immediately, holding a dagger in his hand.

“You’re looking for death!”

“Bang!”

Andrew watched him rush over, suddenly raised his hand, and punched him on the bone of his nose, and suddenly blood splashed!

The man’s face was almost concave.

“Ah...” The

pain is simply beyond description!

“You, who are you?”

The man covered his nose, and blood burst from the five fingers, “You know who we are!”

“I don’t care who your dog is,”

Andrew looked at a few people, and his voice was cold. “I Only warn once, and dare to affect the construction of Matthew’s plant, die!”

www.onlinefreenovels.com

After that, he turned on the car and turned around and left.

Watching Andrew Yang go away, several people couldn’t even stand up, and their hands and feet were interrupted. The terror sent out from Andrew’s body made them hard to breathe!

It seems that what they just faced is not a person, but a Tyrannosaurus!

Tyrannosaurus that can easily tear them apart!

“Quick! Quickly go to the hospital! Quick!”

“Tell the boss! We have encountered a ruth!”

..... In the

conference room, Emma and several people were at a loss, and could not think of a good way.

This group of people is too cunning, they seem to have no other way but to compromise.

“No, I went to talk to them.”

Emma really got up, and the time was really delayed.

Once the progress is slow, the entire plan must be changed, which is too costly and she cannot afford this responsibility.

“No need to talk.”

Andrew appeared at the door again. “I’ve already talked to them.”

“Ah?”

Emma and several responsible persons were stunned.

“When did you talk?”

“Just when you met.”

Andrew said lightly. “After the talk, they knew they were wrong. They had removed the barricade and left. Let the convoy carry materials.”

Emma’s head was dizzy.

They discussed for a long time, but they didn’t think of any good way. How long did Andrew go out and talked?

impossible.

But what Andrew said has never been false, at least knowing him till now, really not.

“Miss Emma?”

Caleb asked cautiously.

“Let the team hurry to send in.” Emma really said.

Caleb nodded immediately to arrange.

Emma walked to Andrew, tilted his head, and looked up at him: “How do you talk about it?”

“Xiao Zhiqing, reasoning.”

Andrew smiled and stretched a fist, “It was originally intended to be like this, But then I thought about it, or just use my fists to simply point.”

Emma really speechless.

“After work, let’s go.”

“Ah? After work? Go home.”

Andrew pulled Emma into the car, turned around quickly, and set off a burst of smoke.

“This car is so ugly that it doesn’t deserve you. Let’s get another one.”

Chapter 24 Buy Another One

At the door of BMW 4S shop.

Emma really bit his lip and looked into Andrew’s eyes, not knowing how to describe it.

“Don’t make trouble.”

She wanted to go. “A half a million! Don’t spend money.”

Andrew took her into the store.

Several salesmen inside saw Andrew and recognized it at once, the local tyrant two days ago.

It should be the license today.

They felt sorry when they missed a single order last time, but fortunately it was just a single order, so just lose a little.

“Mr. Andrew?” The saleswoman

saw that Andrew and Emma were real and immediately got up and walked over.

“Did you come here to apply for a license? I just got the license.”

She hadn't even notified her in a hurry.

“No, no more cards.”

Andrew said.

Female sales startled, did not sign, what does this mean?

Seeing Emma's embarrassed look, is it possible to come back?

As soon as several other sales were heard, there was such a guess immediately.

That's right, nearly half a million cars were bought without a test drive or a serious look, and they were bought directly, pretending to be in place, but the people who can't afford gas can only be found after buying them.

This is a joke.

I thought it was really rich!

Return the car? It's not that easy, I'm afraid it's really trouble.

“This car, you give me another one.”

Andrew pointed to the car in the exhibition hall and said, “Identical, another one.”

“What do you say?”

The saleswoman felt a bit stunned and seemed to feel that she had heard it wrong.

Another one?

“Another one, I bought it last time and bumped it.”

Andrew took out the card and handed it to the saleswoman. “Come on, I’m going home to eat my mother’s cooking.”

This was the reaction of the saleswoman. Andrew was I really want to buy another one, my face flushed with excitement.

People who don’t know, thought she had just experienced some strenuous exercise!

“Yes! I will handle it for you!” The

female salesman cried in excitement.

It’s only a few days, and I’ll buy another one!

She made another order!

Several salesmen sitting not far away, the throat knot sliding, crying without tears, envious eyes are red.

They couldn’t talk about two orders in a month, but the newcomer opened the orders one after another, or the cynthiae person.

Two cars, one million!

Are rich people so crazy this year?

“Andrew, you will spend money, my mother will be unhappy.”

Emma said helplessly.

She knew that Andrew had money, but she would be very sorry for spending money like this.

“It’s okay, I will coax.”

Andrew said, “Make sure she is not angry.”

After a while, all the procedures will be completed, and the female sales will be faster this time.

“Mr. Andrew, your card!”

She handed that special customized card to Andrew. Last time she went home, she checked it again. She knew what the quota was and barely fainted.

“I’m afraid I have to wait another two days for the new car to be listed. You can rest assured that I will get it done for you as soon as possible!”

“OK.”

Andrew is no nonsense. After taking the new car key, he will turn around and leave.

“What about the old car?”

Emma asked suddenly.

Only two days old, it has become an old car.

“No.”

These three words came out of Andrew’s mouth. Emma really had the urge to strangle him.

Prodigal stuff!

New car for two days

“No!”

she said, bulging her cheeks. “You can’t be so capricious!”

Emma turned to look at the female salesperson: “Let’s fix it here first, okay?”

“Of course, this is our job, I will handle everything , Please rest assured!” The saleswoman said diligently.

“Listen to your wife.”

Of course Andrew had no opinion.

“Mrs. Andrew, you are really happy, such a good husband, and still listen to you,” the female salesman quickly complimented.

Emma really blushed and glared at Andrew.

Who is your wife!

I didn't admit it!

Andrew drove the new car and took Emma away.

At the door of the 4S shop, several salesmen looked at the new car whose head crashed beyond recognition.

Cars that they haven't been able to buy for a lifetime, others treat them like toys.

“You said, will he buy another one in a few days?”

“For example, the ashtray in the car is full?”

www.onlinefreenovels.com

“Please don't say it, I can't stand my heart, it hurts!”

.....

Back home, I saw another brand new car.

cynthia didn't really say a word, Logan just glanced at it, hesitated, and finally said nothing.

“Mom, what's the dish at noon?”

Andrew said with a smile, “I'm hungry after a busy morning.”

Emma has words in his mouth, you are busy, I'm busy all morning, you still eat Two fritters.

“It's all home cooking, you try it.”

cynthia smiled and said, "Wash your hands and eat." The family went to dinner.

From the room, cynthia took out the bank card sent by Rihanna in the morning and put it on the table.

"In the morning, the head of the Fingol Bank came and gave me five million dollar, saying it was compensation."

Naturally , cynthia dared not stay, "I can't refuse, Emma, what do you think?"

Qian, sure She wanted to pay it back. She was so nervous with such a large sum of money.

"Of course I stayed."

Emma really didn't speak, Andrew said directly.

"Five million, it's cheap for them."

He snorted, "Slap my mother, if I don't have five billion, their bank will wait for bankruptcy."

www.onlinefreenovels.com

This sentence scared Emma The chopsticks are almost gone.

"Just your heart is good, forgive them."

Andrew wasn't kidding, if cynthia didn't forgive them, let alone five million, it would be useless to give 50 billion, he would let Fingol Bank in three words Closed within days!

Logan was bored to eat, and the amount of money Andrew was talking about was too large for him to talk about.

Emma also looked at Andrew in disbelief, wondering if he was kidding or bragging.

Only cynthia knew that Andrew was not kidding.

This child... how to defend herself that way, she wants to have a pro son, I am afraid that Andrew does not defend herself like this.

“Mom, you stay with it, this is what you deserve,” Andrew hesitated to see Cynthia. “I dare to guarantee that if you don’t accept, from tomorrow, their president will beg you at the door every day.”

How did you live that day?

Cynthia hesitated for a moment, then looked at Emma again.

“Andrew has said so, mom, just keep it. Whoever asks them to beat you, it should be compensated!”

But even she felt that the compensation was too much, five million!

Why is he still not satisfied with Andrew’s mouth?

“Then, I’ll keep it first, when will it be returned to others, and I’ll take it back?”

“Mom, you use it boldly, usually to buy food or something, buy more meat, the braised meat you made is really too good. It’s delicious!”

Andrew has finished eating a bowl, and then got up to hold a bowl, but it is really his own home, very casual.

At that time.

Spa club.

Stuart soaked in the water, his eyes half closed.

Beside him, there is another burly bald man with tattoos all over his body.

“Brother Tiger, how can you do nothing better than yours, and you can’t do anything like this?”

Stuart snorted. “I’ll take two million, you tell me the result?”

Chapter 25 Time Me

Brother Hu reached out, wiped his face, and waved.

The two men immediately came over.

“Say, how many people are doing it ?” “Brother Tiger, just one.”

“One?”

Brother Tiger opened his eyes like a fierce tiger, impressed. “Just one person, made you all dogs?” Useless stuff!” The

two men dared not speak.

“Mr. Stuart, a dozen of my men are still in the hospital. Shouldn't your two million be used as medical expenses?”

Hu Ge snorted and turned to look at Stuart.

He had never spit out the money he was talking about.

“You didn't tell me in advance that Emma had this kind of ruthlessness around him.”

“What ruthlessness?”

Stuart disdained. “It's just a son-in-law, a homeless man. It is estimated that he usually fights for junk food on the street and fights and fights wild. “

In his view, Andrew is such a person, the more life-threatening people, the more terrible.

What's more, he is mentally ill, and once the madness comes, who can stop it?

“I'll just say this, can you do it, Brother Hu? Can't do it, then I'll find someone else.”

Brother Hu narrowed his eyes, stared at Stuart, and smiled with his mouth open.

“Yes, as long as there is money, everything can be done, it depends on how much Matthew has given.”

Stuart secretly scolded the tiger brother for being greedy, but he couldn't help it.

Emma is currently in charge of this project. Once she does it, it is too much threat to their father and son.

Even if it is impossible for the old man to reuse Emma, once Emma climbs into the relationship of Daniel, it is hard to say.

Therefore, even if this project fails, Stuart will not hesitate, anyway, the loss is now the money of the old man.

What he wants is the entire Lin!

After waiting for Matthew to die, everything belongs to him!

Emma's family, Xiu want to split a dime.

"I will give you three million more."

Stuartdao said, "No matter what means you use, it's really good to destroy Emma, or to destroy the plant, this project, I want it to fail!"

"It's a word!"

Tiger Brother sneered.

As long as the money is happy, he can do anything.

This came and went, and I got 5 million. It seems that the businessmen's money is easy to make.

"Mr. Stuart is assured that as soon as the money arrives, the results will be given to you within a day."

"Wait and wait." The

two looked at each other with sneers.

...

The breakfast was richer the next day.

There are even Fingol specialty snacks, apparently bought by Cynthia in the morning market in advance.

Andrew was so moved that Emma did not leave a piece, and all of them were eaten up.

“Mom, why didn’t you buy me!”

Emma came out after changing clothes, the plate on the table was already empty, and suddenly wrinkled his nose.

Only a few days later, his mother became Andrew’s mother, too eccentric!

“You are not tired of eating from snacks to big,”

cynthia’s voice came from the kitchen. “Andrew has been wandering for so many years. It is rare to eat. You can let him eat more.”

Emma really looked at Andrew, Andrew, unconvinced. It was a smug look.

“Let’s go, go to work after dinner.” After

dinner, Andrew left Emma’s house and hurried towards the factory building.

Along the way, Andrew was in a good mood, but Emma was really upset.

She secretly said, Andrew this guy is too cunning, even eroded the mother’s heart, how can he be so good to him, he only entered the house for a few days, did not admit him.

However, she also admired Andrew.

Because Andrew took out his sincerity, treated everyone in the family, and protected cynthia and Logan as their own biological parents.

The hearts of the people are all fleshy. Logan and cynthia were originally very kind people, and there is nowhere to be seen.

It’s just that if they accept Andrew by then, would it be true that they should marry Andrew and become a real couple?

Thinking of this, Emma couldn’t help but blush and turned to look at Andrew.

Viewed from the side, this guy is indeed quite eye-catching. Although he is rich, he doesn’t take money seriously, and he has a good skill. He does protect people, but who is he?

“Always watching what I do, I won’t fall in love with me so soon.”

Andrew said with a smile.

“What nonsense are you!”

Emma turned his head busy, and there was a panic when a helmet was found.

“! You do not proud ah, I see you wandering mother is poor, just accept you, do not cranky”

Andrew nodded: “Yes.”

“And ah, you can not call dad with mom, health and happiness than I Naturally?”

“This will not work.”

Andrew refused directly. “Now form a habit, and you will call for a lifetime in the future.”

“You...”

“Even if you don’t like me at that time, we are not married, but we can be brothers and sisters.”

Andrew smiled, “I don’t know if you are a father or a mother, you can’t control it.”

Emma looked at Andrew stunned.

“No!”

This guy still wants to rob his parents?

That’s my mom and dad, you can’t take it away!

The two men quarreled and soon reached the suburban factory.

The construction materials were delivered yesterday afternoon, and early in the morning Xu let the workers start construction.

He did not expect that things would go so smoothly. Andrew went to talk to those people and it was resolved.

It's amazing!

Seeing Andrew's car come in, Caleb immediately ran over.

"Miss Emma, the materials are all here. Construction has started and should be completed on schedule."

Emma nodded his head. "It must be completed on schedule."

"Yes, I will stare, I will take you to the scene to see. "

She led the way, and Emma really followed him. He saw Andrew and quickly nodded to say hello: "Anadrew Brother is good!" When he saw Andrew on the

first day, he was convinced when he played dozens of people.

It's really enviable that men are so powerful as Andrew.

In the future, whoever says Emma married an incompetent door-to-door husband, he will slap past.

Put your mother's ass!

"Let's go and see." Andrew patted Caleb's shoulder, and Caleb's whole body became energetic.

Emma and Andrew took a look at the scene and saw that everything was built according to the order. There was no big problem, so she was relieved.

Building the plant is the first step, then the assembly line is assembled, and the technology from Daniel is introduced. This project is considered a success.

As long as it is up and running, the Matthew Group's development in the field of medical equipment is considered to have begun.

"Bang!"

"Slap!"

“Keng!”

Suddenly, the sound of smashing came from outside, and Emma’s face suddenly changed.

She hurried out and saw that two buses stopped at the door and rushed down to seven or eighty people!

They all hold sticks in their hands, with fierce faces!

“Whoever dares to build again, just call me!”

“Stop it! Stop it for me, no construction!”

A group of people shouted, frightening those construction workers, their faces turned pale, and where else they dare to continue to work.

A worker stopped slower, and suddenly there was a stick that smashed hard on his hand and interrupted his hand!

“Don’t you dare to stop you? Kill you!” a bastard shouted.

“What do you do!”

Emma was really angry, how could there be so many people suddenly make trouble, and all of them brought murder weapons.

Andrew dragged her behind him and glanced around. It seemed that his warning was useless.

“Emma, take out your phone.” Andrew said.

“Call the police?”

Emma was really nervous and worried.

“Time me!”
